IREM 8 INDUSTRY PARTNERS 2017

Greater Metropolitan Washington D.C. Chapter 8 implemented the Industry Partners (originally Friends of IREM) program in 1990. The purpose of this program is to foster professional relationships between a very influential group of decision-makers in the property and asset management field and a mix of locally-represented, reputable, quality real estate service providers. The program offers a unique opportunity for service providers to deliver their message to a specific target market. Additionally, the program provides the Industry Partners with the privileges of participation in IREM Chapter 8 activities. Membership is by invitation only and a two-company per category policy is offered on a first-come, first-served basis. IREM Chapter 8 encourages its members to support their Industry Partners. Our Industry Partners have found that becoming a part of this exclusive program is the best use of their time and advertising dollars.
